

Nursery Autumn Curriculum Flyer 2019

This flyer will show you some of the key learning opportunities that we will provide throughout this term in Nursery. The children will be learning about Autumn, Winter and upcoming celebrations (Harvest, Bonfire Night, Christmas), as well as noticing and responding to things they themselves are interested in.

<p>Literacy</p> <p>Through our family group experiences and opportunities, we will develop our listening, attention and concentration skills. We will be learning how to recognise and write our names through a range of activities. We will communicate by drawing pictures and writing letters, numbers and symbols purposefully.</p>	<p>Numeracy</p> <p>Through games and activities, we will begin to recognise and write numbers as well as count up to 10 objects reliably. We will also compare, sort and order two objects in terms of size and weight by direct observation. We will sing the days of the week and use a range of words to describe temperature.</p>	<p>Knowledge and Understanding of the World</p> <p>Through their different topics and our outdoor learning experiences, the children will be encouraged to explore and experiment, make observations and listen to others' ideas. They will also identify the effect seasons have on animals and plants.</p>	<p>Personal and Social Development</p> <p>We will be supporting the children to become confident explorers of the indoor and outdoor environment. We will develop our understanding of the behaviour expectations of school. We will also begin to build friendships and understand how to play and work with others fairly by taking turns and sharing.</p>
<p>Welsh</p> <p>We will become familiar with simple phrases and greetings in Welsh such as:</p> <p style="text-align: center;">Croeso Bore da/Pryn hawn da Diolch Os gwelwch yn dda</p> <p>We will also begin to recognise colours in Welsh.</p>	<p>Creative Development</p> <p>This term there are many special events coming up such as Bonfire Night, Diwali and Christmas. To help us celebrate we will explore these topics through music, art and dance and develop our abilities to make choices and express our ideas creatively using a range of techniques and materials.</p>	<p>Physical Development</p> <p>We will develop our fine manipulative skills through activities such as moulding clay, puzzles, block play and tweezer games to prepare the muscles in our hands for writing and drawing. We will also develop our gross motor, coordination and confidence during outdoor play.</p>	<p>ICT</p> <p>We will become familiar with the different equipment available and learn how it can be used in our play and learning. We will begin to understand that messages are communicated over the internet and add our names to work that we create digitally.</p>
