

Literacy

This half term we will be learning how to write narrative adventure stories. We will also be looking at how we can improve our vocabulary and sentence structures.

We will also be writing fact files using information from web pages and focussing on different presentation techniques.

We will be writing a persuasive text based on our topic.

Mathematics

This term we will be looking at:

- Number relationships and sequences of numbers.
- Addition and Subtraction (3-digit numbers and numbers with one decimal point)
- Estimating, measuring and converting capacity
- Measuring lengths to the nearest decimal
- Multiplication and Division (3-digit numbers \times/\div 1-digit)
- Calculating perimeter and area of given shapes.
- Measuring rising and falling temperature.

Welsh The children will : Revise the vocabulary and language patterns previously studied in Year 4, Use their listening skills to find out about the new characters we shall be meeting, Learn to tell the time and use this to create a text message conversation arranging a day out.

Religious Education

The children will be researching *Faith into Action*. Children will have the chance to look in depth at significant religious figures who have put faith into action e.g. Martin Luther King, Mother Teresa.

Year 5 Curriculum Guide Autumn Term 2021

Health & Wellbeing

Health & Wellbeing will also be a focus this half term. We will be focusing on our own thoughts and feelings and the thoughts and feelings of others. We will also be learning about people's rights, values and attitudes. We will take part in group discussions and come to decisions together as a class.

Year 5 will be looking at why physical activity is important for our health and well being.

Trips -TBC

Swimming & Safe cycling will also take place this year- Dates TBC.

Science & Technology

This term in Science our topic is 'Healthy Living'. We will be looking at the need for exercise for good health and how this has an effect on the human body. We will also be looking at the human body in detail, including the names, positions and functions of the main organs in the body.

We will be using a range of ICT skills this term, including a focus on exchanging and Sharing information and communicating. The children will become confident using Google Drive, Google Classroom and Gmail.

Topic

Our topic for this half term has an 'equality & diversity' focus. We will be focusing on the topic of 'freedom'. We will look at what freedom means to us and to other people around the World. We will be using our research, communication and collaboration skills during our topic work. Children will be applying their literacy and numeracy skills during these lessons.
