

Date: 22.5.26

Dear Parents / Carers,

We would like to invite you to take part in our headteachers challenge to make your own environmental banner to be displayed outside our school grounds, in partnership with Newport City Council, Welsh Government and NPC printing.

This project aims to get pupils thinking about those environmental matters they want publicised and that they are passionate about. The theme for the banner is 'Environment' this can include:

- Recycling
- Promoting insects and wildlife
- Reducing pollution

Some examples of banners made by other schools are below for inspiration.

The design should be created on A4 paper either portrait or landscape. Children may draw/paint or use the computer to create the design (printed at home and brought into school).

The winning design will be transferred onto a large banner with eyelets (2m x 1m) and displayed near the entrance of our school.

All designs should be made by the pupils and need to be submitted by Wednesday 3rd June 2026. Please bring the original design to school.

Have fun designing your banner! We look forward to seeing your wonderful ideas!
